The recruits for active service were at drill on Monday evening in Mr. Dial's Implement hall. This is the second drill that has been conducted by acting Recruiting Officer Jones who takes this opportunity of thanking Mr. Dial for his kindness in placing his hall at the disposal of the men for drilling purposes.

According to a statement by the Hon. Gen. Hughes, all the men, horses, artillery and other equipment now at Valcartier will be transported to England just as soon as transports and conveyances can be provided. Col. Hughes said: "We have decided that every man will be taken from this camp. The firing line from Canada will consist of an army division of 22,000 but we have deemed it advisable to send the rest of the Canadians, who will act as a reserve instead of leaving them here and not being able to use them at a time when they are greatly needed because of possible delay in transporting them."

As to whether a second contingent will be mobilized I cannot say but it will be quickly mobilized if necessary.

The first contingent will consist of nineteen battalions including the Princess Patricia's regiment, three squadrons of Strathcona Horse, three squadrons of Royal Canadian Dragoons and the artillery.

Shocking Accident Near Loverna

Accidental Discharge of Shot Gun
Results in Death of Mr. Wilbur Green.

At a coroners inquest held on Tuesday at 1-28-1, west of the 14th, the jurors brought in a verdict of accidental death, in the case of Wilbur Green, who met his death on Mr. Biervendor's farm near Loverna.

The unfortunate man was out driving with his father and two other men, locating land. A gun loaded for the purpose of shooting chicken was placed in the bottom of the demount and when the opportunity came for a shoot, Green got out to get the gun. While in the act of taking it out the gun went off, the full charge penetrated his leg near the thigh, tearing a frightful wound in his limb. His father and companions did what they could to relieve his sufferings, but the boy died within thirty minutes of the accident.

Constable Kierulff, of R. N. W. M. P., stationed at Loverna, had charge of the case, and brought the body of the unfortunate man to Assask for burial. Dr. H. C. Swartzlander, was called in from Oyen to conduct the inquest. The following verdict, which should command the attention of all using firearms, was brought in by the jurors:

We, the jury, find that deceased Wilbur Green met his death on September 21st, 1914, by accidental discharge of shot gun in his own hands and desire to add that greater care should be generally observed by those in the habit of using firearms.

Let The Censors Get Busy.

While the present censorship is most strict with regard to actual war news, there seems to be a lack of firmness in suppressing the libelous statements regarding Britain.

Recent articles in the German newspapers circulating in Canada, have aroused indignation throughout the country, and demands have been made that they either stop their anti-British writing or cease publication altogether.

German papers coming in from the States are even worse. They not only contain untruthful statements regarding Britain, but incite residents of Canada to acts of violence against the British government. It is almost safe to say that there is not a German paper published outside of Canada fit for circulation in Canada, and a general rule forbidding the passage of such papers through the mails should be issued by the authorities.

This action is not suggested because Canadians are afraid of what Germans in Canada, incited by these false stories and anti-British articles, might do. The people of Canada want to build up a united people, true Canadians and Britishers.

Canadians have every respect for the settlers who have come to this land from the countries with which we are now at war, and desire rather to preserve a friendly feeling, than develop antagonism. It is only natural that the sympathies of these people should go out to their mother countries at this time, but we expect them to observe neutrality while under our flag, and any articles calculated to make them forget their obligations to the land of their adoption, should be rigidly suppressed.

The continual removal of the sign from the front of the Oyen News office may appeal to the perpetrators as a joke, but unlike wine, jokes do not improve with age, and this joke (?) is becoming monotonous. When the Editor recovers from his injured ankle it will afford him much pleasure to administer to the jokers (?) two very swift kicks, properly placed.

The bucket which was placed over the chimney of this office (apparently by the same "rummies") has been returned to its rightful owner, who looks forward with gusto to the time when he will be able to dampen the ardour of the offenders with its contents.

The last place the Oyen News sign was removed to, was in front of Mr. Hancock's residence. Some merry wag remarked that "We are not often favoured with the Editor's presence at the church, but at least we have had his sign in our vicinity."

Th follow intelligently the European War situation and keep in touch with the lightning movements of the troops a comprehensive war map of Europe giving all details is essential. Of all the maps issued there is but one that fills the bill, and that is the one issued specially by the celebrated map makers—G. W. Bacon & Co., London, Eng.

The Publishers of "The Family Herald and Weekly Star of Montreal," always alive to the best interests of their subscribers the moment the map was issued, called an order for Canadian rights of the map. Their offer has been accepted, and "Family Herald" subscribers will have the best map available.

The Oyen News has concluded arrangements with "The Family Herald and Weekly Star" by which our readers may also secure the map free of charge. In this issue will be found a clipping order of the two papers, including the Map. The offer is one that every reader of the Oyen News should accept. Dominion Government Assistance

Mr. W. D. Bentley, has been appointed Dominion Government Agent to look after all cases of distress, in this district. All those who require help in the way of food or fuel, or feed for stock, should make application to him. If there are any who have already applied for relief, and have not yet received same, they should see Mr. Bentley who will attend to their wants.

The editor met with an unfortunate accident last Sunday afternoon, when he sprained his ankle, on First Avenue East. The accident occurred while coming out of the bank building. Mis-judging one of the steps, he twisted his ankle and fell heavily on the sidewalk, with the result that he is now under the care of Dr. H. C. Swartzlander. He takes this opportunity of thanking his friends for their kind enquiries and wishes for a speedy recovery.

New School House is Formally Opened

The new school house recently erected on Section 10, Township 23, Range 2, for the Privately-School District, was formally opened on the evening of the 15th, inst., when a ball and supper was given. The function was exceptionally well attended and is considered to have been one of the most enjoyable social events which has taken place in this district. Music of a very high class was furnished by the Deal family who were ably assisted by the Messrs. Gae, Frederickson and Ouser-Anderson.

Among those present were: Mr. and Mrs. G. Frederickson, Mr. and Mrs. Chas. Wilson, Mr. and Mrs. O. Anderson, Mr. and Mrs. Arvid Anderson, Mr. and Mrs. Wm. Newman, Mr. and Mrs. Ullman, Mr. and Mrs. Abraham Ullman, Mr. and Mrs. Charles Brown, Mr. and Mrs. H. Deal, Mr. and Mrs. McGowan, the Misses Frederickson, Ullman, and Deal, Mrs. Leslie and daughter and Mrs. Sharp and daughter. We are unable to give the names of many other ladies and gentlemen who attended.

A sumptuous supper was served at midnight after which dancing was continued till nearly dawn.

Mr. Walter J. McDonald was in this district last week, when he visited his father and brother, H. J. and D. A. McDonald. Mr. Walter McDonald was arrested as a rebel spy in Mexico in 1912, when he narrowly escaped execution. While on a pleasure trip in Southern California he crossed the border into Mexico, where he was immediately arrested as a spy and thrown into prison where he was kept for several weeks pending a court martial, and it is believed that had it not been for the prompt action of his father and others in securing for him the protection of the U. S. government at Washington, D.C., and Henry Lane Wilson, U. S. Ambassador at Mexico City at that time, he would have been shot. After considerable trouble and exchange of numerous telegrams, Mr. McDonald was safely escorted from his prison into California again.

Messrs. Olson and Ingburg, who arrived here from south of Oyen with their threshing outfit, have given entire satisfaction to the people of this locality and it is gratifying to know that the crops have turned out fairly well.

Geo. Frederickson has been doing good work at road repairing, with a crew of men and horses.

Mr. Alex Brown made a business trip to Alaska this week.

WINNIPEG EDITOR ARRESTED

Knox Magee, editor of the Winnipeg Saturday Post, was arrested by the militia department, and confined to the Osborne barracks, for publishing an article in his paper, in which he criticized the Hon. Sam Hughes and the arrangements at Valcartier. He was held at the barracks for about an hour but allowed to go after signing an undertaking to refrain from discussing conditions at Valcartier. Subsequently, Magee swore out a warrant for the arrest of Major W. Lawless, district staff adjutant of military district No. 10, but as the Major had left for Valcartier the warrant could not be served.

Methodist Sunday School Concert

A very enjoyable concert and social was given by members of the Methodist Sunday School last night. The programme which was both long and varied was ably carried out by the following ladies and gentlemen, whose efforts deserve much praise.

Mr. J. A. Jones, Miss Joan Alexander, Miss Harriet Peterson, Miss Ruth Walker, Mr. H. Appleton, Mr. J. Fox, Mr. J. Ellis and Miss L. T. Audibert. The concert was presided over by Mr. F. J. Whitlock.

One interesting feature of the evening was a but trimming competition for young men, in which considerable originality was shown in the designs. After completing their hats the competitors were lined up on the platform, when each young man wore the hat he had trimmed. C. D. McMillan won the prize with a hat which was carried by all the young ladies present.

After the concert an excellent luncheon was served. This was followed by an address by the Rev. G. A. Steele, who during the course of his remarks spoke very feelingly of the men from this town who have enlisted for active service. The social was brought to a close by the singing of the National Anthem.

Mr. A. Corless, was on the programme for a reading, but was unfortunately overlooked by the chairman when calling upon the artists. This was very disappointing to his many friends who were looking forward to hearing him.

Mr. E. Doherty left for Calgary yesterday.

King George's Ringing Message from Throne

In a speech from the throne, which was devoted entirely to the war and the part which Britain is playing in the titanic struggle now raging in Europe, King George said:

"My Lords and Gentlemen:

"I address you in circumstances that call for action rather than for speech. After every effort had been made by the government to preserve the peace of the world, I was compelled, in the assertion of treaty obligations deliberately set on nought and for the protection of the public law of Europe and the vital interests of my empire to go to war.

"My navy and my army have with unceasing vigilance, courage and skill sustained in association with our gallant and faithful allies a just and righteous cause. From every part of my empire there has been a spontaneous and enthusiastic rally to our common flag.

"Gentlemen of the House of Commons:

"I thank you for the liberty with which you have met great emergencies. My lords and gentlemen, we are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved.

"I rely with confidence upon the loyal and united efforts of all my subjects, and pray that Almighty God may give us His blessing."
